affiliate: **APS #0799-064882.**

June 9 Meeting

We met with 19 members attending, and briefly discussed Stamp Collecting Day that comes up in October. **Dale Niebuhr** talked about the donated items that will be for sale July. **Amber Wesely** will have the program in August on what she does for October Stamp Collecting Month. The door prizes of an Indian FDC, a USA event cover and a cover from Kiev franked with a USSR stamp was won by **Peter Adams**.

LaVonne Uffelman passed around a list of stamps with a Nebraska connection .

Amber Wesley showed a miniature cover franked with a pair of the 2 1/2 cent Martha Washington prexies.

Bob Akaki passed around a couple of covers from his collection of Japanese interment mail. Both were from the same sender—one from his barracks at the Amache camp in Colorado and the other with a Lincoln connection. Bob's family had been housed in that same barracks and the sender later studied at Union College in Lincoln

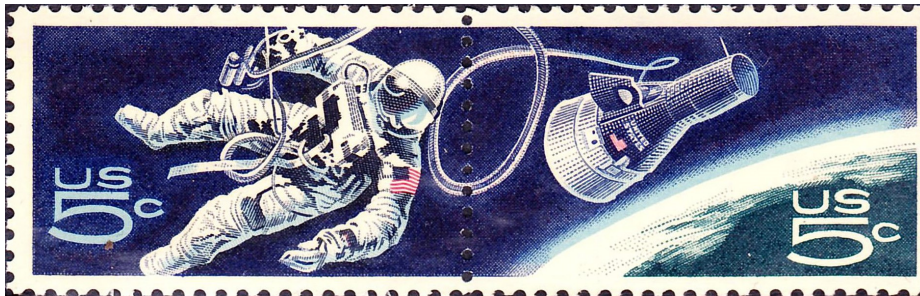

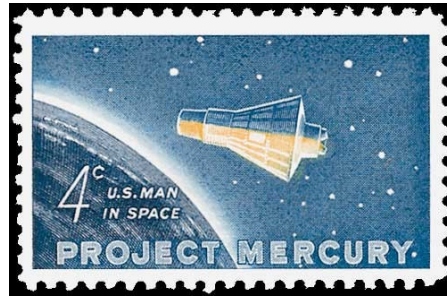

Mark Sellhorn showed a 1946 first flight cover from the U.S. to Spain and franked with all seven of the transport air mail stamps (Sc. C25-C31).

Program: *The Race to the Moon and Stamp Collecting*

By Kurt Meyer

Kurt took us through the history of the race between the USA and the USSR to the moon. Beginning with Germany's work on rocketry in World War II, Kurt talked about the steps taken by the U.S. and the USSR in the race to be the first to achieve several goals in space . He recounted the history of the USSR's first satellite and first man in space that had the U.S. scrambling to catch up and surpass their competitor. In proceeding through the program, Kurt shared anecdotes of people he new with connections to the various parts of this history that culminated with the 1969 walk on the moon. Several people shared their recollections of what they were doing and where they were when Neil Armstrong took that first step.
